Selected Reviews

“This book delivers an engaging story from beginning to end, combining a thoughtfully developed plot with memorable characters and a consistently strong pace... One of the book’s greatest strengths is its character development. The characters are well-rounded, believable, and easy to become invested in.”

— HMC, Goodreads (5 stars, ARC review)

“Jordan’s world building was fantastic... The character arcs were phenomenal too... This is a very well written book, easy to follow and enjoyable... This read is a great story of grief and how together we can overcome it.”

— Calitchi, Goodreads (4 stars, ARC review)

“This was an exciting read!... The author did a great job revealing just the right amount of information and leaving us with so many other questions. In order to get more answers, there’s intense battles between creatures and allusive secrets that leave us wanting to know more!”

— Angel Molina, Goodreads (5 stars, ARC review)

“As a guy raised in the 90’s and early 2000s who doesn’t read many books... I think Mystic Sacrifice is a fantastic book! It has great action, detailed world-building, and interesting characters... It felt like actually playing a D&D campaign.”

— Taryn, Goodreads (5 stars, ARC review)

“This book had me hooked, I had to finish it in one sitting because I needed to know what happened next. From start to end, the book didn’t disappoint.”

— E Wright, Goodreads (4 stars, ARC review)
