EXTENDED SYNOPSIS

Bound by fate, Selene and her misfit crew stumble into Elvaturia, a realm where dragons soar as living legends, mana glyphs channel immense power, and three moon goddesses drench the land in magic every night. Beneath all that wonder waits something darker: creatures lurking in the shadows, treachery around every corner, and the endless drama of a clingy ex who refuses to read the room.

Survival becomes their only goal. To make it home, they have to uncover the truth of this world, stay one step ahead of the things hunting them, and trust each other when every instinct says otherwise, because destiny does not negotiate. Along the way, Selene learns that real courage isn't the absence of pain. It's the strength to keep moving through it. Unexpected friendships steady her, and a slow-burn romance tests the walls she's built around her heart, teaching her that the right bonds can heal even the deepest wounds.

Part portal fantasy, part emotional gut-punch, *Mystic Sacrifice* blends majestic dragons and high-stakes adventure with found family and clean romance that beats with genuine heart. It's a story about loss, chosen family, and the sacrifices we're willing to make for the people we love.

Perfect for readers who love:

- Portal adventures packed with real emotional depth
- Dragons, powerful magic, and unbreakable friendships
- Stories of grief, healing, and found family
- Clean, slow-burn romance with heartfelt bonds (no spice in book one)
- D&D vibes, witty banter, and 90s pop culture references (younger readers might miss a few, but the epic adventure stands strong)

SHORT BLURB

GRIEF FUELS THE FIRE, LOVE TWISTS THE KNIFE, AND SECRETS CAN NO LONGER HIDE!

Selene never meant to break reality. She only wanted to save her mother's shop and hear her late father's voice one more time. When her séance goes horribly wrong, it hurls her, her friends, and her infuriating ex-boyfriend straight into Elvaturia, a realm of soaring dragons, glowing mana glyphs, and ancient magic that shouldn't exist.

Stranded in a world they were never meant to enter, Selene must navigate royal conspiracies, deadly creatures, and the weight of her own grief while a slow-burn romance challenges everything she thought she'd buried. The deeper she goes, the clearer one truth becomes.

Not everyone can be saved.

Worlds are destined to collide, but will hers survive the impact?
